OUR SKIN CARE PHILOSOPHY

Your skin is beautifully alive.
It's a living, breathing tissue –
your body's largest, loveliest organ –
and when it's healthy, it shows.

Just as the right mix
of foods from the earth
nourish your *body*, the right mix
of ingredients from the earth
help nourish your *skin*,
giving it a fresh vitality that
comes from balance.

Inspired by the power of nature and the
way bees happily blend botanicals to turn the
ordinary into the extraordinary,
we formulate with
beauty-boosting ingredients that work
in sync with the way your skin lives now, and
for its entire lifetime.

GOODNESS *glows*™ Face Primer

Lightweight, breathable primer to create a flawless, smooth canvas ideal for long lasting makeup application or a natural look

- ❖ 8 Hour Moisturization
- ❖ Formulated with natural minerals and moisturizing Avocado Oil
- ❖ Illuminates with Responsibly Sourced Mica
- ❖ Hydrates & Illuminates Skin
- ❖ A beautiful silky formula that applies and blends easily

- ❖ Packaging: Tube: 50% PCR content

How To Use: On clean, moisturized skin, apply a small, pea-size amount to fingertips and distribute evenly. For best results warm up the primer by gently rubbing fingertips together before applying onto face. The warmth allows the product to “melt” into skin and provide natural-looking results. Wear alone or under Tinted Moisturizer or foundation.

Tip: Wait a full minute to allow primer to dry completely before applying makeup, as this will help avoid patchiness.
